***Links to some anthems on the next page.** You can **open** and listen and look at the music at the same time when you open the site. Scroll to when you see the sheet music and it usually has a place to click and view/listen to the piece. Sometimes you can just click on the picture of the music, and the music and a little arrow will appear so you can view music and listen. The link may not directly connect, so you can just copy and paste the address into your browser.
